

Mr. Legal,

4-18-05

I am writing you because there
was a few things I would like you
to add on to the motion that you
had sent me to pigs.

- ① One of the agents which were a woman
never spoke to me in spanish when
she indeed knew the language and what
happened to me for 4 hours. The only thing
she kept repeating to me was that I
was in the United States, until we
arrived at the hospital was when she
spoke to me in spanish saying to me
did I know what I had. That was all,
and that's when I realized she spoke Spanish.
- ② You had mentioned in one of the
statements that I spoke very little english.
When I do not speak any at all.

Mr. Legal, please add this to the
motion, if not I have it as you can
see statatized.
